    - Anaconda Navigator – at least 2.2.0
   - Spyder – at least 5.2.2

Version check

- Anaconda Navigator needs to be updated to at least 2.2.0

Updating Anaconda

- Anaconda Navigator needs to be updated to at least 2.2.0
- Update dialog will be shown automatically upon start

4

Removing Spyder

- Remove older version of Spyder
- "Update application" option is unlikely to work properly for Anaconda Navigator 2.2.0
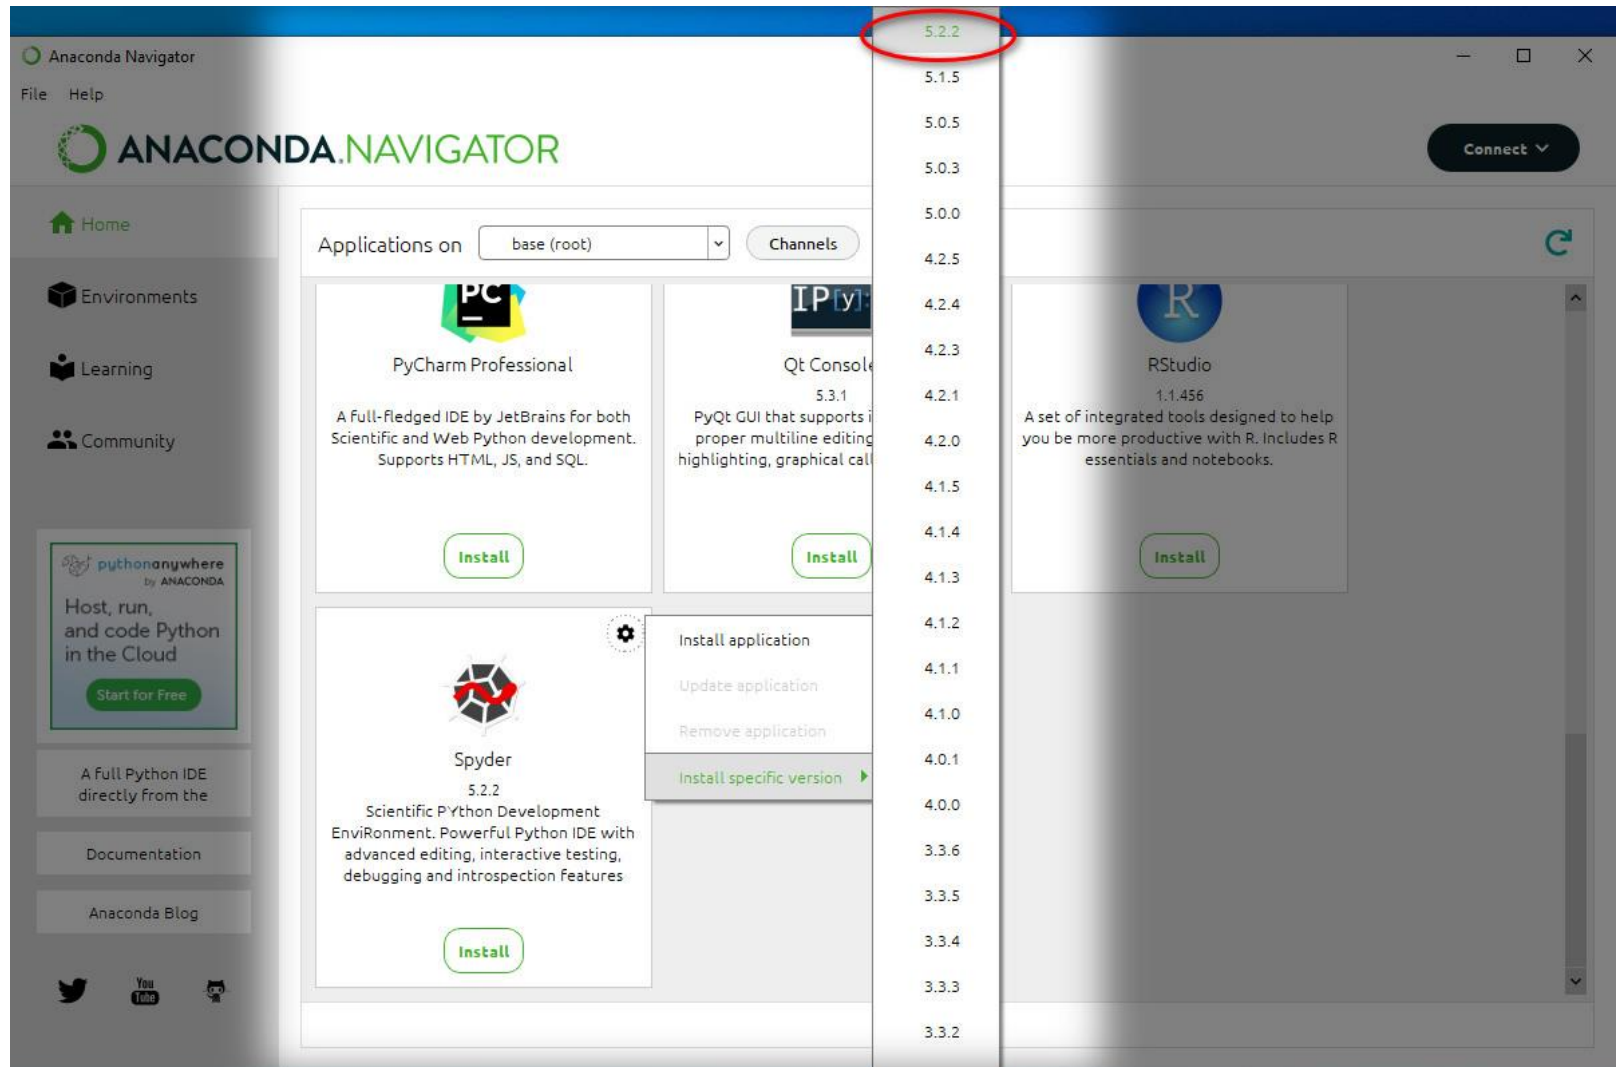

Installing Spyder

- Choose to install Spyder using "Install Specific Version" option

Installing Spyder

- Select Spyder version 5.2.2 or newer

Completed

- When it is done, "Launch" is reflected to show Spyder 5.2.2 has been installed
